Don't forget that the Advocate is coming to you and that someone is paying for it or you will be called upon for the pay. If you did not give your name in and ask that it be sent to you, some of your friends did it for you. We have a circulation of 12,500, and we want, and are going to have 25,000. Just as well get ready to subscribe if you have not, we want you to and we will either call or send a hand.

Don't forget that the Advocate is your county newspaper, and that you ought to support it in every way possible, its your paper, it fights for a better town, county and state.

We are informed that W. R. Rainey who has been with the Carter Coal Company for several years as its superintendent, has resigned and that C. E. Bullard has been appointed to that position at Warren, Ky.

Barbourville has four Brass Bands, and no park for any kind of amusement. Why not let us all get together and have a nice park where we could go in the hot sultry afternoons and evenings and have a nice time for an hour or two?

On account of the rejection of the State Road Commission of the roads that have been approved by the Fiscal Court, Messrs. McClure, Parrot and Sergeant were relieved from further duty until matters can get matters straightened out.

The Ladies Aid of the Presbyterian Church will collect old newspapers and magazines Saturday, April, 15. If you have any you would like to contribute, you are requested to place them on your front porch, on that day.

There was a nice little "scrap" on the public square last Monday between two of our fellow citizens, each knocking the other down. It is said that old "Barley Corn" did most of the rowing. Judge Jarvis relieved the fellows of \$8.85 each, and they wended their way across the square again, poorer but wiser.

R. S. Rose, formerly of this place but who moved to Williamsburg several years ago and went into the practice of law at that place, we are informed has moved to Harlan, where he has entered the law firm of Rose and Huff. We assure the good people of Harlan, if they will entrust their business to Richard, that it will be well taken care of.

T. J. Vermillion & Sons have sold their entire stock of farming implements to J. F. Rasnick & Co. The firm is composed of J. F. Rasnick and W. Mathew Mitchell. These gentlemen have knocked the bottom out of prices, and have everything you might call for from a 3-penny nail to a traction engine. Now is the time to buy while they have everything new and up-to-date. They mean business as you will observe by the half page ad. in this issue. Men who do this kind of advertising and let the people know what they have to sell always get the business. Keep your eyes on them, they are hustlers.

## More Autos For Barbourville.

The Barbourville Auto Company has a carload of Studebaker Cars. They are dandies. You can see them at their Garage. They have also procured the services of an expert Auto mechanic, and are now ready to fix any thing that needs fixing about your car.

## WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building- tonic, free from alcohol or any harmful drugs. Try it.

## Only Eight Months Free School

The board of Education has just made it known that the City High School will only teach eight months this year.

They have run short of funds for the following reasons:

They after building, purchased \$1300.00 worth of real estate adjoining the lot upon which the building stands, and besides this they purchased opera chairs for the auditorium at a cost of \$700. If they had not done this they would have had sufficient funds to had a nine months school with some money left. They have made the tax rate at fifty cents to the hundred dollars worth of property, and it is sure that in the future we will have a nine months school. We publish a letter herewith that is self explanatory.

Frankfort, Ky., Feb. 29, 1916.

Supt. W. W. Evans, Barbourville, Ky.

My Dear Superintendent: In reply to your letter of the

26th inst., will say that I was sorry to hear that your teaching funds in the Graded High School will be exhausted at the close of the eighth month.

I do not think it is in their power to continue the school through the ninth month and pay their teachers from next years school fund, in fact this kind of procedure would be against the spirit as well as the letter of the law. See Sections 157 and 158 of the Constitution.

Section 172 of the Common School Law (Sec. 4479 Ky. St.) in part says: "Said Treasurer shall pay out said funds only for the purposes for which they were respectively collected."

The right to continue their school and pay teachers from borrowed money presents a more serious question. If you were to borrow the money and extend your term nine months, what condition would your treasurer be in an other twelve months?

If your taxes this year will pay all interest due, create a sufficient sinking fund and have a surplus sufficient to repay the amount you may be compelled to borrow, then I see no reason why you could not borrow the money. However, as this is rather a local matter, I would suggest for you to get the opinion of your County Judge, County Attorney and City Attorney before acting. Calling their attention to the sections of the law referred to above, also, 4281u Ky. St.

If at any time I can be of any service to you be free to write, I remain,

Yours very respt.,

## Llewellyn.

Mr. A. D. Llewellyn, who has been sick for many days and who was sent to Louisville, for an operation, died at his home in North Barbourville, Saturday morning. He had a cancer in his stomach, and suffered intensely before the end came. He leaves a wife with a large family, most all of whom are girls, and a host of friends to mourn for him.

ance that he was ready to meet the summons. He was a hard working, honest man, and tried hard to get along in the world, but misfortune overtook him both in a physical and financial way, and his family needs assistance, and encouragement.

The post office at Grav was broken into Tuesday night. We do not know what they got, as Mr. Gray did not give the detail of the robbery.

## Model 83 B

With unerring judgment of value—  
With a rush that swallowed up a record production in jig time—

The public took more than 50,000 of the \$750 Overlands in six months.

In six months we've absorbed all the overhead; absorbed all the development expense; realized on all the experimental cost that is usually spread over a year.

We covered our material requirements at before-the-war prices—saved three and a half million dollars on aluminum and another million on steel.

We have increased our production capacity of 300 cars per day last June to 1000 cars per day.

So again we have broken all records. Again we have planned and bought material for a bigger production program.

And again we are setting a new and supreme standard of value—

You can now buy the big, roomy, comfortable, thirty-five horsepower Overland for \$695.

Here is the value which has clearly dominated the automobile market for the last six months—now made even more clearly dominant.

Here is the car with a performance record never even approached by any car of its size ever built—fifty thousand in every day service.

And though the price is reduced the car is improved.

It has an up-to-the-minute power plant, en bloc type, developing full thirty-five horsepower. It has abundant power and speed and an exceptionally quick get-away.

The value is pre-eminent—unapproached.

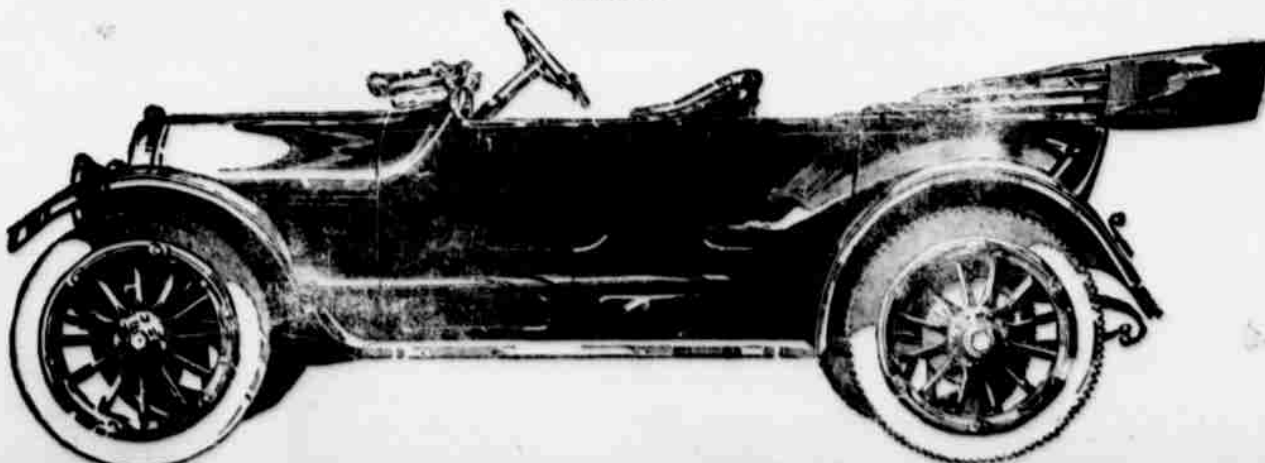

We guarantee that the price for this model will never be lower.

But this price reduction is made in the face of a rising material market—we cannot guarantee that it will not be higher.

See the Overland dealer now—anticipate your requirement if need be—but make sure of your delivery now.
